

Art Activity: Character Creations!

Let's get creative!

Choose an object from the back of the booklet that interests you.

Now design a character who might use that object.

You could use coloured pencils, felt tip pens, charcoal, or paint to bring your character to life - be as creative as possible!

Some questions to help you...

Who do you think might have used this object?

How do you think they would use it?

Where might your character be from?

What clothes might your character wear?

Some objects you could choose...

Art Activity: Clay Play!

This is a brooch of a cherub, found in the river at Piercebridge. A cherub looks like a baby angel.

Can you model your own cherub out of clay? You can use tools to make the eyes, nose, mouth and hair.
